### **Sanctuary Theme of the Month - Growth and Change**

As spring awakens, the world around us begins to change. A world of muted grays blossoms into one of vibrant reds and yellows. This is a wonderful time for us to reflect upon our own growth and change by asking ourselves four questions:

1. Who are we?
2. What do we cherish?
3. What do we practice?
4. What do we need to learn?

The answers to these four questions can be the driving force behind achieving our long-term goals. They can also serve as affirmations to help us stay grounded and true to ourselves as we carry out our responsibilities and interact with others throughout the day.

Since his initial term on the board in 2000, Mike has been dedicated to the mission of CCS, holding many positions throughout his years of service, including CCSF Board Chair.

It's that time of year again; the sun is shining and everyone wants to get out and soak up some vitamin D. Why not take a break from the computer screen, get outside, enjoy some sunshine and exercise with co-workers and friends? Fit, Fun Fridays are back!

A group of employees will meet every Friday at noon on the first floor of the BSB near the building's back exit.

No need to be an elite runner - all are welcome. Each month, drawings will be held to recognize participants for their efforts to stay healthy and support each other in being healthy.
