

Mt. Angel Community Reaches Out to Neighbors in Need

This year set a new record for community outreach in the form of Christmas food boxes at St. Joseph Family Shelter and Mission Benedict. The Mission collected enough food for 158 boxes for families in need. Fr. Philip Waibel blessed the boxes before they were distributed to the families for the holidays. St. Mary Parish, Holy Family Academy, St. Luke's School and DirectLink donated toys and gifts to the mission, and thanks to their generosity, children from 124 families were able to open a gift on Christmas morning.

ILP Gift Making

Last year, the CCS Independent Living Program (ILP) helped 136 youth who have been in foster care develop life skills on their way to becoming responsible, independent adults.

ILP hosted their 8th annual Christmas craft night in December at the Kroc Center where youth created gifts for Christmas. Gifts included glass lanterns, sugar body scrub, metal stamped bracelets, reindeer and melted crayon ornaments, fleece blankets, decorative Post-It holders, rustic painted mason jars, and colorful coasters. There was a fully stocked gift wrap and card making station so they could package their creations to take home as gifts. Volunteers from the community came to teach some of the crafts. Each youth won two store-bought gifts in the raffle and two grand prizes of \$50 gift cards were awarded.

Life expectancy of an American born today averages 78.2, but this year, over 70,000 Americans have reached their 100th birthday. What are they doing that the average American isn't, or won't do?
