

Adam's time to fly

In spite of experiencing physical and developmental disabilities since birth, Adam graduated from public high school and enjoyed a great deal of community involvement.

Adam's dream was to live as independently as possible. Though it was hard for Mom to make such a big decision, they researched, interviewed, and chose a CCS Residential Home for Adults with developmental disabilities and Adam moved in when he was 20.

He continues to be close with his family which includes his parents, siblings, grandparents, uncles and aunts. His favorite activities are movies, music, swimming, horseback riding, and going to the zoo. The bigger the group and the more laughter going on, the better Adam likes it.

This is Adam's time to fly.

About CCS

Our mission: **We champion the positive development of children and adults, strengthen families, and build community.**

Catholic Community Services is a non-profit, faith-based organization. Founded in Salem in 1938, today CCS offers 15 programs across nine Oregon counties and serves more than 2,000 people each year.

We operate with fidelity to the Principles of Catholic Social Teaching, which call us to work for the common good and to serve our neighbors who are the poorest and most vulnerable. We do so without regard to anything other than their needs and their willingness to do everything they can for themselves. Our values of love, justice, truth and freedom guide us to safeguard the dignity of all people, to embrace their giftedness, and to focus on their dreams and aspirations.

To achieve our mission, our programs focus on four key outcomes: the people we serve enjoy safe, stable nurturing relationships; they enjoy good health; they possess the knowledge, skills and virtues they need to succeed at whatever is important to them in life; and they enjoy financial self-sufficiency.

Dedicated to providing the highest quality services, trauma-informed care and research-based practices, CCS is nationally accredited by the **Council on Accreditation** for Child and Family Services, Behavioral Health Services and Group Living Services.

Residential Services

Homes for adults with disabilities and fragile health, where each customer is a valued member of the community.

Residential Services Mission:

To promote and assist each individual with their personal preferences to empower their daily care and community involvement; and, to follow through with respectful communication and their right to a positive and satisfying life.

Residential Services

The Residential Services program was established in 1988 to provide stable, nurturing homes for individuals with intellectual or developmental disabilities, and offer them an opportunity to live as independent as possible. All of the homes provide 24/7 support including: daily living services, recreational activities, on-going advocacy, and person-centered planning. We currently have 16 homes serving adults in Marion, Polk, Linn and Clackamas counties.

Three homes are equipped to treat medically fragile customers. Services are provided by a caring and passionate team consisting of Direct Care Professionals, Certified Nursing Assistants, Licensed Practical Nurses, and Registered Nurses as medically necessary.

With the goal of providing a “Circle of Support” for each customer, our staff seek to strengthen relationships with extended family members. Family members are welcomed and encouraged to visit the homes whenever they wish to see their loved ones.

We champion the positive development of children and adults, strengthen families and build community.

Vocational Alternative Services

Vocational Alternative services provide opportunities for individuals to desire to work in our community. Our services are designed to allow flexibility in development of the individual employment, educational or retirement outcomes and affords individuals with significant barriers the opportunity to achieve those goals in our community.

Who provides services?

Professional staff working 24/7 at our 16 homes are supervised by House Managers. Our staff are well trained, skilled, and competent individuals who are dedicated and committed to providing the best service to our customers. They are certified in First Aid, Cardiopulmonary Resuscitation (CPR), Bloodborn Pathogens, Medication Administration and Emergency Preparedness.

Support Our Work

To support Residential Services, please contact the Resource Development Office at 503-856-7017. To donate online, visit www.ccsww.org/howyoucanhelp.html
